

Indianapolis, IN (May 14, 2014) – Two Time Funny Car Champ Tony Pedregon unveils a new hot pink, sparkling cross design at the NHRA Southern Nationals to promote the Andrea Pedregon Charity Foundation “Spark Of Hope”.

“As our team continues to make progress with our performance, the timing is perfect to once again race for a cause and help support the efforts of my wife’s charity that has generated much needed funding to cancer research that ultimately saves lives,” said Tony Pedregon.

The Andrea Pedregon Charity Foundation was established in 2010 and is best known for its projects and live auctions. **100%** of the funds raised go to children’s causes and cancer research as well as Melanoma, Prostate & Colon Cancer research. To date, Andrea’s Charity has donated close to \$200,000.00

“I feel we have a great opportunity to reach our fan base here in sunny Atlanta and support National Skin Cancer Awareness month” stated Andrea Pedregon. “We are encouraging **ALL** cancer survivors – and friends/family who have lost someone special to join us before the track walk begins on Sunday and sign the hood of Tony’s funny car. Our car will then honor those who have fought and remember those who have passed”, added Andrea.
